3. If you were to speak with someone who was thinking about hiring us, what would you say?

I would tell them to hire your firm. You guys are so personable, friendly, respectable, & trustworthy. I really am glad that I randomly found you guys through google.

4. What specific thing did you like best about our service?

(Examples: Friendly and down to earth; Kept you informed; Fought for you; Reduced your stress; Treated you like family; Trustworthy and honest, etc.)

You guys majorly reduced my stress. You kept me well informed and are so honest. That is a great feature that our many firms are missing.

5. Why did you decide to hire us in the first place?

(Examples: Referred by a friend or family member; Read Keith's book; Keith's story; Saw reviews on Google/Avvo/Facebook; Keith's 100% Satisfaction Guarantee, etc.)

I searched on Google and did not want to go with a firm who is overly marketed. They like to swindle clients - it seems. I saw Keith's qualifications and was a lot of the firm's reviews. impressed by

6. How did you feel about your injury case before you hired us?

(Examples: Hesitant to talk to an attorney; Cautious about who to trust; Tired of suffering alone; Frustrated with insurance company delays; Anxious about paying medical bills; Worried whether you could afford a lawyer; Uncertain about how long it would take, etc.)

I was nervous and only wanted to be compensated for what ever medical care my child and I needed. Everything ended up being beyond my expectations.

7. What were the biggest challenges you had before you hired us?

(Examples: Unable to pay your medical bills; Fear of the unknown; No expert guidance on what you should do next; No practical information on choosing the right doctor; Not sure who to trust; Not understanding the injury law process; Need help fixing or replacing your car, etc.)

Mostly the fear of the unknown. I consider myself to be a 'careful' driver, so something like this happening, took a toll on how I view road safety.

8. How did we make it easier for you to address those challenges?

(Examples: Answered your questions; Scheduled doctor's appointments for you; Taught you your rights, Advised you about mistakes to avoid; Helped you move forward; Maximized the money you recovered, etc.)

Doing everything to help me. From the doctors to the insurance companies. Thank you, I really can not say it enough.

9. What were the top 2-3 benefits of hiring us?

(In your own words, what specific things did you find MOST helpful?)

I am so glad I hired you all because you exceeded my expectations. You guys really went above & beyond by checking in on me and obviously working hard on my case. I appreciate it all.

10. What specific things, if any, could we do to change or improve our service to create a better experience for you?

Stop being so nice. (I'm not serious about that)
There is nothing that I see needs changing. I was aware things were going to take time and I knew I had hired the best!

Almost done...
